Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at http://about.jstor.org/participate-jstor/individuals/early-journal-content.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

VOL. XV.

PHILADELPHIA:

PAUL C. STOCKHAUSEN, ENTOMOLOGICAL PRINTER.

1888.

LIST OF PAPERS.

PAGE

BONZON, ALBERT, Santiago de Cuba.

Description of a larva of *Papilio Gundlachianus* two days previous to its transformation into a chrysalis . 293

GAHAN, C. J., London, England.

Notes on some types of North American Cerambycidæ in the British Museum, with additional notes by Geo. H. Horn, M. D. 299

HORN, GEORGE H., M. D.

Review of the species of *Pleocoma*, with a discussion of its systematic position in the Scarabæidæ . . . 1

Descriptions of the larvæ of *Glyptus*, *Platypsylla* and *Polyphylla* 18

JACOBY, MARTIN, London, England.

Notes on some North American species of Halticinæ (Group Monoplati), with supplementary notes by Geo. H. Horn, M. D. 302

MCFARLAND, JOSEPH.

A table of the species of *Vespa* found in the United States, with descriptions of two new species 297

SMITH, JOHN B.

A Monograph of the Sphingidæ of America North of Mexico 49

WEED, CLARENCE M.

Descriptions of some new or little known Microgasterinæ. 294

WILLISTON, S. W., M. D.

Diptera Brasiliana, ab H. H. Smith Collecta—Part I Stratiomyidæ, Syrphidæ 243

INDEX.

The names of new genera and of new species are followed by the name of the Author.
